

July 25, 2011

To David Hall:

I'm so happy to be a part of the Cellercise Family! I'm happy to share my testimony. I pray it will help someone.

On December 15, 2010 I prayed to God, knowing He would be the only one that could help my health. I prayed that if He wanted to take me home to do it now!! If not then He needed to help me get well. For I felt I was going to die. My health was very bad. I had asthma that was the worst of all. I also had high blood pressure, a very fast pulse due to the medication and I was overweight. I could no longer function well, I was very weak and constantly short of breath.

After a year leave of absence I had to take an early retirement. I could no longer do my job.

I was on 13 prescription medications daily; yet not getting well but worse. On December 16, 2010 I first used a Cellerciser. At this time I could hardly walk, I was so sick. I was on my third prescription in a row of a strong dose of Prednisone, but it was not helping. I could hardly catch my breath.

I did a "Health" bounce for about 3 to 5 minutes. My lungs began to open up and I could only then begin to clear them and begin to get better. This was my new beginning!

Praise God! And I've gotten better and better ever since.

I am down from 13 prescriptions meds to 5. My blood pressure is normal and I've lost 45 pounds in 6 months.

I have a 4 year old grandson whom I was not able to pick up to hold in 2 ½ years without an asthma flare up or with strength. I can "easily" pick him up and hold him now! He weighs 50 pounds. [When I first picked him up he said, "Look mom Grandma is better!"] I can play outdoors and go places with him now and keep up with him.

I am enjoying this summer for the first time in 4 years.

I thank God!

I thank you David for Cellercise.

And I thank my brother, Ed [REDACTED] for introducing me to my New Life Style Changes. I Cellerciser everyday and eat organic and super foods.

Praise God I have my life back and better than before! And even better to come.
WOW!

Every opportunity God puts before me to share my experiences and what I'm doing for my health I gladly share. I pray that God allows me to help as many people as I can. I'm blessed!

Cellerise is God sent, the world is full of people that can be helped by it. I pray I can be an example, especially for my family.

God Bless You, Everyone!!

Sincerely,

C.C.
